

2019 Handmade Human-Powered Boat Race!

Sunday, August 4, 2018 at Thomas Basin
2:00PM the Race begins!

Rules for the Blueberry Handmade Human-Powered Boat Race:

Competitors in this event are participating entirely at their own risk. The responsibility for a boat's decision to participate in the race, or to continue racing, is theirs alone. By participating in this event, each competitor releases the race organizers and officials from any and all liability associated with such competitor's participation in this event to the fullest extent permitted by law. Short version: This is really dangerous, and all of us at the Ketchikan Area Arts and Humanities Council advise you not to do it. Really.

That said, the Handmade Human-Powered Boat Race promotes a fun, family-oriented event. Participants are required to act responsibly, show good sportsmanship, assist other participants if necessary, show respect for the water and boat/land owners along the raceway, and of course, have fun!

Captains are responsible for knowing the race rules and ensuring that their crew follows them for their own safety, the safety of other participants, and to ensure that we will be able to hold this event in the future.

Every team must have a vessel, without a motor, that has not been manufactured, but has been handmade by you. Or someone you know. No motors onboard, at all, even if they're not hooked up, disabled, etc. This includes motors and engines of any fuel type—that includes fossil fuel powered generators. **Human and wind power only for propulsion.**

Four different winners, one per category. No crew can win more than one prize.

- Fastest – Adult
- Fastest – Youth
- Most Creative
- Most Likely to Sink

BOATS:

1. All boats must be handmade.
2. Each boat **MUST** have life jackets, a whistle, and lines for docking and towing.
3. All boats must be solely human powered, self-propelled, and may use poles, oars, paddles, sails, etc. or any combination thereof.
4. Inner tubes or inflatable devices are not allowed, and any Styrofoam must be encased and secured so as to prevent abrasion/pollution.
5. No canoes, kayaks, boats, inner tubes or surfboards will be allowed and decorating or covering one of these production flotation devices will not qualify for the race.

6. All boats will be inspected prior to launching, and may be subject to modification at the discretion of Blueberry Handmade Human-Powered Boat Race committee.
7. All boats and boat parts must be removed from the water following the race. There will be risk of penalties and fines for leaving your boat (and boat parts) in the water after the race.
8. The Blueberry Handmade Human-Powered Boat Race Boss reserves the right to ban any boat from the race for any reason deemed necessary.
